

PRIOR SERVICE SCREENING FOR CCT/PJ CANDIDATES

The following point chart will be used to pre-qualify Prior Service (PS) candidates for Combat Control - CCT (AFSC J1C2X1) or Pararescue – PJ (AFSC J1T2X1) duty. Start with the individual's Military Specialty score, add additional qualification points and combat bonus points to get a final score. A total of 30 points is required in order to request further screening. Recruiter's will make copies of applicable diplomas, DD Form 214, resume, other supporting documents and a completed point chart, and forward to the CCT/PJ career field functional manager via mail service or email.

CCT Functional Manager:

HQ AF/XOOS (Attn: CMSgt Breeden)
1480 AF Pentagon
Washington DC 20330-1480
michael.breeden@pentagon.af.mil

PJ Functional Manager:

HQ AF/XOOS (Attn: SMSgt Beckmann)
1480 AF Pentagon
Washington DC 20330-1480
Ryan.Beckmann@pentagon.af.mil

The career field manager or other designated individual will evaluate the record and conduct a telephonic or personal interview with the candidate. After completion of the interview, the career manager will notify AFRS of selection/non-selection. If selected, AFRS will instruct the local recruiting squadron to schedule the individual for a Class III Flight Physical and the Prior Service Physical Ability and Stamina Test (PAST). If the applicant passes both, the squadron informs HQ AFRS/RSO, who in turn, requests an accession quota from AF/DPL.
